This exploded view diagram illustrates the assembly of a cabinet. The components are numbered as follows:

- 1**: A metal bracket with two pre-drilled holes, used for mounting the top panel.
- 2**: A vertical side panel.
- 3**: A small rectangular plate that fits between the side panel and the top panel.
- 4**: The main horizontal top panel.
- 5**: A small cylindrical pin or stopper.
- 6**: A coiled spring, likely for a drawer or door mechanism.
- 7**: A small cylindrical pin or stopper, similar to part 5.
- 8**: A vertical side panel, identical to part 2.
- 9**: A coiled spring, identical to part 6.
- 10**: A small cylindrical pin or stopper, identical to parts 5 and 7.
- 11**: A small rectangular plate, identical to part 3.
- 12**: A small rectangular plate, identical to part 3.
- 13**: A small rectangular plate, identical to part 3.

The diagram shows how these parts are assembled together to form a rectangular cabinet structure. Dashed lines indicate the alignment and assembly path for each component.
